

Our philosophy is to produce electronic assemblies to the highest quality standards. With our trained personnel and the philosophy to build quality into all of our products, our facility produces assemblies to the highest quality standards. From management to technicians to operators, we are committed to understanding and conforming to the requirements of our customers,

Quality Policy

Quality Policy

As employees of BTS, we confirm our personal commitment to understand and meet our customer's quality expectations and continuously improve our processes.

Our main goal is the satisfaction of our customer by timely delivery of reliable and defect-free electronic assemblies manufactured in a cost effective way.

This commitment is confirmed by the following signatures of the General Manager and the managerial staff having an influence on the product.

(S. Alden – General Manager)

(S. Mizzi – Quality Specialist)

(S. Busuttil – Plant Manager)

Quality Policy

Bhala impjegati tal-BTS, nikkonfermaw l-impenn nifhmu u nilhqu l-aspettattivi tal-klijenti taghna f' ta' kwalita' li noffru, filwaqt li ntejbu dejjem a taghna.

L-ghan principali taghna huwa s-sodisfazzjon tal milhuq billi nipprovdut prodott fil-hin u minghajr bl-aktar mod efficjenti.

Dan l-impenn qed jigi approvat bil-firem tal-General managerjali li ghandu influwenza fuq il-prodott.
